

I oppose the proposed rule changes that would allow Low Power FM stations to take priority over current FM translator service. I am a listener and financial supporter of K-LOVE which is heard on FM translators. This proposed change could jeopardize my ability to hear K-LOVE.

K-LOVE is more than a radio station, it is a ministry which supports people in my community. I am encouraged daily by the ministry of K-LOVE as is many of my local friends and family members. I believe my community would suffer mentally and spiritually without K-LOVE and some would not have valuable resources available in times of crisis.

I also believe that the positive and encouraging message heard over K-LOVE is in the public interest. I know personally that K-LOVE has assisted me in overcoming marital conflicts, in raising my son to have strong moral convictions and even in controlling road rage while driving.

Please carefully consider the impact these changes could have on our community.
